► ABOUT US

We are located in both Iraq and Jordan, and we supply worldwide. **Alrukn Alarqa** introduces you to the type and nature of the business that it carries out in order to provide the Engineering service according to your needs, as we have already done many of the works mentioned in details, for governmental projects and factories.

► OUR MISSION

We seek to become a trusted partner of all our clients. We attempt to inspire them with our capabilities, providing an advanced environment that boosts their business performance. We will continue to offer the highest quality of business processes within the fastest turnaround times with utmost accuracy. With our persistence and unwavering focus, we continue to work dedicatedly to understand the needs of our customers with mutual respect and care, and act with utmost integrity in everything we undertake. Our goal is to provide you with the creative insight and commercial awareness you need to meet your business needs.

► OUR VISION

To be a leading contracting company in the global market. To become the customers' most preferred choice by attaining excellence in quality and timely completed value added projects. To provide the highest level of supplying elevators and escalators while offering superior craftsmanship to every project.

► OUR BACKGROUND

Our company was established in 2000 in Amman as a company in solidarity with the Jordan Elevators Corporation, and is currently the exclusive agent in Iraq for the Jordan Elevators Corporation. In 2002 another branch of the company was opened in Iraq in Nineveh Governorate, where the company's headquarters moved to Iraq. Our company has implemented many electromechanical projects inside and outside of Iraq, and the goal of our company is to give the highest engineering standards according to international specifications and the highest rates, as our company gained high potential through our great experience in the field of electromechanical work to provide such specifications.
